Introduction

We recognise our responsibilities under the Health and Safety at Work Act 1974 and will take all reasonably practicable steps to provide and maintain safe and healthy working conditions (on the school premises and during school-sponsored activities), equipment and systems of work for all our learners, school personnel and visitors to the school.

We believe we have a duty to provide children with school toilets that are accessible, clean, and safe with high quality sanitary ware by ensuring that we adopt excellent standards of maintenance by providing the basics of liquid soap, warm water, toilet tissue and paper towels. We recognise that it is essential for the health, well-being and learning of all learners that the school toilets are well-maintained and are accessible at all times throughout the school day.

We value and respect the children in our care and we want them to be able to understand how to respect the facilities provided and how best to look after their own health.

We have a duty under the Education (School Premises) Regulations 1999 to provide sufficient numbers of toilets and washbasins according to the number of learners on roll.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

Aims

1. To provide good quality toilet and washroom facilities throughout the school.
2. To ensure that all learners have access to toilet facilities during the school day to promote the health, well-being and learning opportunities throughout the school.
3. To ensure compliance with all relevant legislation connected to this policy.
